

2019 ASAP PLAN Mansfield Little League Mansfield MA.

Qualified Safety Plan Requirements

League Safety Officer: **Jim Minton** on file with Little League. Mansfield Little League will distribute a paper copy of this Safety Manual to all Managers/ coaches, league Volunteers and the **District Administrator**.

Emergency Phone Number:	911	
Local Police	508-261-7300	
Local Fire Emergency	508-261-7300	
League President:	Drew Frenette	203-253-0483
League Vice President:	Mike Martin	617-388-0935
League Player Agent:	Joe Pereira	508-740-4650
League Equipment:	Joe Marnikovic	617-212-3821
League Treasurer:	Dan Bonnyman	508-269-9329
League V.P. and Safety:	Jim Minton	508-809-0014
League Secretary:	Vacant	

This list will be posted in the concession area and dugout area.

ASAP Plan

Mansfield Little League will use the Official Little League Volunteer Application form to screen all of our volunteers.

Fundamentals and First Aid Training:

At least one manager/coach from each team must attend the training. Every Manager/Coach will attend this training at least once every 2 years.

Coaches will be required to walk/ inspect the fields prior to practices and games. Umpires will also be required to walk the fields for hazards before each game.

ASAP Plan

Mansfield Youth Baseball has completed and updated our Facility Survey

Concession Stand Safety

Menu shall be posted & approved by the Safety Officer and the League President

Our Concession Safety Procedures will be posted twice in our stand. It is posted on the interior kitchen door and beside the popcorn maker.

ASAP PLAN

The League Safety Officer and equipment manager will inspect all equipment in the pre-season.

Managers and Umpires will inspect equipment prior to each game.

Implement Prompt Accident Reporting:

The League will use the provided incident tracking form from the LL website and will provide completed Accident forms to Safety Officer within 24-48 hours of the incident. Please see copy of accident Reporting form.

ASAP PLAN

Mansfield Little League will have a **First Aid Kit located in the Snack Shack.**

Mansfield Little League will require ALL TEAMS to enforce ALL Little League Rules Including:

Proper Equipment for catchers.

No On-deck batters

Coaches will not warm up pitchers

Bases will disengage on all fields

League Player Registration Data or Player Roster Data and Coach and Manager Data must be submitted via the Little League Data Center at <u>www.LittleLeague.org.</u>

Mandatory requirement for an approved ASAP plan

ASAP Plan

Mansfield Youth Baseball Qualified Safety Plan Registration forms; see included examples:

IF YOU LIVE IN A STATE THAT REQUIRES A SEPARATE BACKGROUND CHECK BY LAW, PLEASE ATTACH A COPY OF THAT STATE'S BACKGROUND CHECK. FOR MORE INFORMATION ON STATE LAWS, VISIT OUR WEBSITE: <u>LittleLeague.org/BgStateLaws</u>

AS A CONDITION OF VOLUNTEERING, I give permission for the Little League organization to conduct background check(s) on me now and as long as I continue to be active with the organization, which may include a review of 8x offender registries (some of which contain name only searches which may result in a report being generated that may or may not be me), child abuse and criminal history records. I understand that, if appointed, my position is conditional upon the league receiving no inappropriate information on my background. I hereby release and agree to hold harmless from liability the local Little League, Little League Baseball, Incorporated, the officers, employees and volunteers thereof, or any other person or organization that may provide such information. I also understand that, regardless of previous appointments, Little League is not obligated to appoint me to a volunteer position. If appointed, I understand that, prior to the expiration of my term, I am subject to suspension by the President and removal by the Board of Directors for violation of Little League policies or principles.

Applicant Signature	Date
If Minor/Parent Signature	Date
Applicant Name(please print or type)	

NOTE: The local Little League and Little League Baseball, Incorporated will not discriminate against any person on the basis of race, creed, color, national origin, marital status, gender, sexual orientation or disability.

LOCAL LEAGUE USE ONLY:			
Background check con	npleted by league officer		
on			
	:kground check (minimum of one must be checked): ates all checks include criminal records and sex offender registry records		
* JDP 🗌	Sex Offender Registry Data and National Criminal Records check, as mandated in the current season's official regulations		
searches can be performed y IDP in compliance with the F	ou use JDP and there is a name match in the few states where only name match you should notify volunteers that they will receive a letter or email directly from 'air Credit Reporting Act containing information regarding all the criminal records hich may not necessarily be the league volunteer.		
Only attach to this applicatio	n copies of background check reports that reveal convictions of this application.		

Concession Stand Tips

Requirement 9

12 Steps to Safe and Sanitary Food Service Events: The following information is intended to help you run a healthful concession stand. Following these simple guidelines will help minimize the risk of foodborne illness. This information was provided by District Administrator George Glick, and is excerpted from "Food Safety Hints" by the Fort Wayne-Allen County, Ind., Department of Health.

Menu.

Keep your menu simple, and keep potentially hazardous foods (meats, eggs, dairy products, protein salads, cut fuits and vegetables, etc.) to a minimum. Avoid using precooked foods or leftovers. Use only foods from approved sources, avoiding foods that have been prepared at home. Complete control over your food, from source to service, is the key to safe, sanitary food service.

2. Cooking.

Use a food thermometer to check on cooking and holding temperatures of potentially hazardous foods. All potentially hazardous foods should be kept at 41° F or below (if cold) or 140° F or above (if hot). Ground beef and ground pork products should be cooked to an internal temperature of 155° F, poultry parts should be cooked to 165° F. Most foodborne illnesses from temporary events can be traced back to lapses in temperature control.

3. Reheating.

Rapidly reheat potentially hazardous foods to 165° F. Do not attempt to heat foods in crock pots, steam tables, over sterno units or other holding devices.

Slow-cooking mechanisms may activate bacteria and never reach killing temperatures.

4. Cooling and Cold Storage.

Foods that require refrigeration must be cooled to 41° F as quickly as possible and held at that temperature until ready to serve. To cool foods down quickly, use an ice water bath (60% ice to 40% water), stirring the product frequently, or place the food in shallow pans no more than 4 inches in depth and refrigerate. Pans should not be stored one atop the other and lids should be off or ajar until the food is completely cooled. Check temperature periodically to see if the food is cooling properly. Allowing hazardous foods to remain unrefrigerated for too long has been the number ONE cause of foodborne illness.

5. Hand Washing.

Frequent and thorough hand washing remains the first line of defense in preventing foodborne disease. The use of disposable gloves can provide an additional barrier to contamination, but they are no substitute for hand washing!

6. Health and Hygiene.

Only healthy workers should prepare and serve food. Anyone who shows symptoms of disease (cramps, nausea, fever, vomiting, diarrhea, jaundice, etc.) or who has open sores or infected cuts on the hands should not be allowed in the food concession area. Workers should wear clean outer garments and should not smoke in the concession area. The use of hair restraints is recommended to prevent hair ending up in food products.

7. Food Handling.

Avoid hand contact with raw, readyto-eat foods and food contact surfaces. Use an acceptable dispensing utensil to serve food. Touching food with bare hands can transfer germs to food.

8. Dishwashing.

Use disposable utensils for food service. Keep your hands away from food contact surfaces, and never reuse disposable dishware. Wash in a four-step process:

- 1. Washing in hot soapy water;
- 2. Rinsing in clean water;
- Chemical or heat sanitizing; and
 Air drying.

9. Ice.

Ice used to cool cans/bottles should not be used in cup beverages and should be stored separately. Use a scoop to dispense ice; never use the hands. Ice can become contaminated with bacteria and viruses and cause foodborne illness.

10. Wiping Cloths.

Rinse and store your wiping cloths in a bucket of sanitizer (example: 1 gallon of water and 1/2 teaspoon of chlorine bleach). Change the solution every two hours. Well sanitized work surfaces prevent cross-contamination and discourage flies.

11. Insect Control and Waste.

Keep foods covered to protect them from insects. Store pesticides away from foods. Place garbage and paper wastes in a refuse container with a tightfitting lid. Dispose of wastewater in an approved method (do not dump it outside). All water used should be potable water from an approved source.

12. Food Storage and Cleanliness.

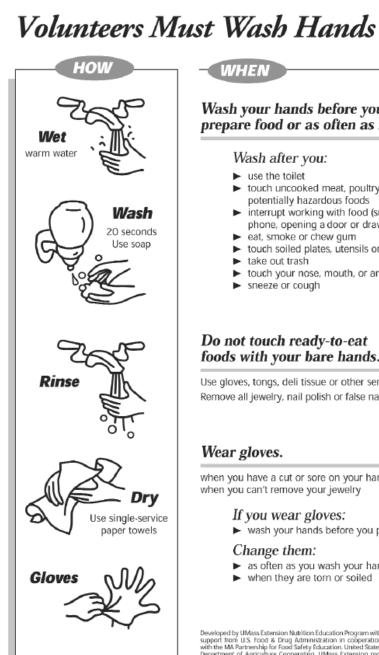

Keep foods stored off the floor at least six inches. After your event is finished, clean the concession area and discard umusable food.

13. Set a Minimum Worker Age.

Leagues should set a minimum age for workers or to be in the stand; in many states this is 16 or 18, due to potential hazards with various equipment.

> Safety plans must be postmarked no later than May 1st.

WHEN

Wash your hands before you prepare food or as often as needed.

Wash after you:

- use the toilet
- touch uncooked meat, poultry, fish or eggs or other potentially hazardous foods
- interrupt working with food (such as answering the phone, opening a door or drawer)
- eat, smoke or chew gum
- touch soiled plates, utensils or equipment
- take out trash
- touch your nose, mouth, or any part of your body ►
- sneeze or cough

Do not touch ready-to-eat foods with your bare hands.

Use gloves, tongs, deli tissue or other serving utensils. Remove all jewelry, nail polish or false nails unless you wear gloves.

Wear gloves.

when you have a cut or sore on your hand when you can't remove your jewelry

If you wear gloves:

wash your hands before you put on new gloves

Change them:

- as often as you wash your hands
- when they are torn or soiled
